□□□□□□□□

The screenshot shows a vehicle monitoring software interface. At the top, there's a navigation bar with options like 'Home', 'Map', 'Playback', 'System Set', and 'Log Query'. Below this, there's a 'Dev List' panel on the left showing a list of vehicles with their IDs and names. The main area is a map of China with a red dot indicating the current location of a selected vehicle. On the right, there are four video camera feeds, all of which are currently blank. At the bottom, there's a detailed view of the selected vehicle, showing its status as 'Online', its current position, and a list of recent location updates with timestamps and coordinates.
