□□□□□□□□

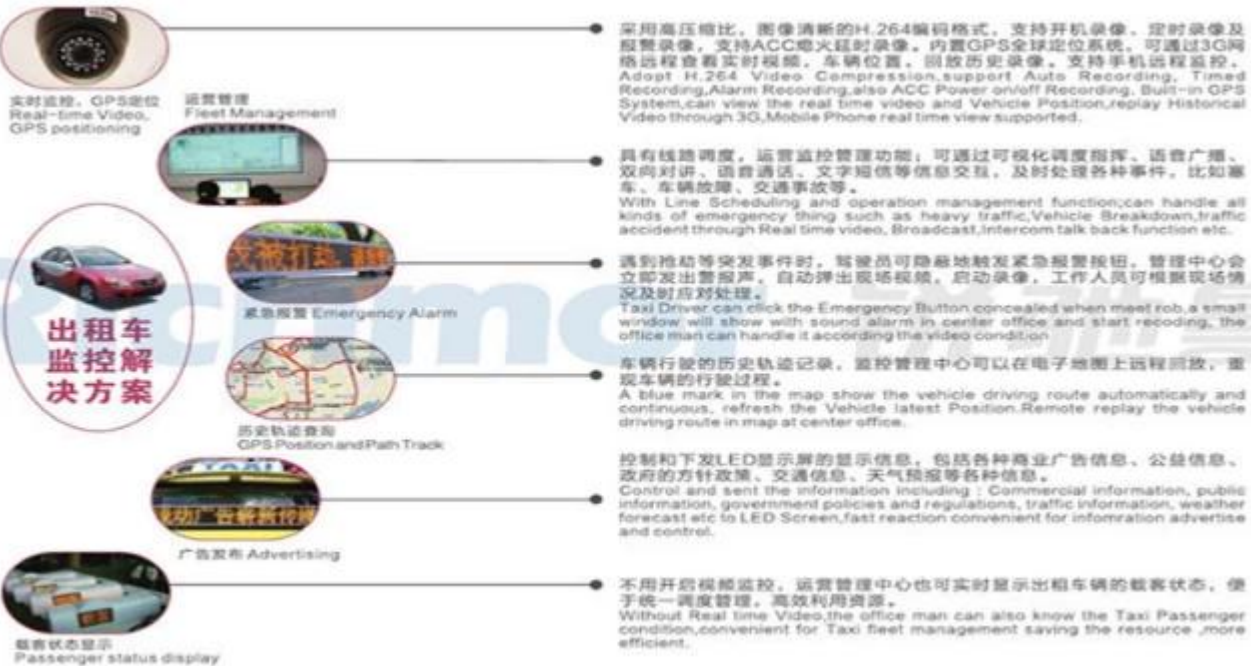

The screenshot shows a vehicle monitoring software interface. At the top, there's a navigation bar with options like 'Home', 'Map', 'Playback', 'System Set', and 'Log Query'. Below this, there's a 'Dev List' panel on the left showing a list of vehicles with their IDs and names. The main area is a map of China with a red dot indicating the current location of a selected vehicle. On the right side, there are four video camera feeds, each showing a blue screen with a camera icon. At the bottom, there's a detailed view of the selected vehicle, including its status, position, and speed. A large watermark 'rcmccctv.en.alibaba.com' is overlaid on the map area.
