PRODUCT SHOW

Product's Front Side

Display

Military Design/ Good Stability/Durable /Shockproof & Earthquake Resistant

Product's Back Side

Display

Wide Voltage Design / Data Comprehensive Protection / High Security

STRUCTURE

Front Panel

Details

Professional Security Device/Powerful Functions/ User-friendly Button Operation/ Easy to Use

Back Panel

Details

Aviation AV&DV Input / Steady Port/ Strong Shockproof Ability/ Simple & Convenient

DETAILED SPECS

[illegible]

OS	Linux

INSTALLATION

TOPOLOGICAL DIAGRAMS

FUNCTION DISPLAY

Mobile Monitoring Management Platform

RMVS is a system of centralized management and monitoring of all kinds of vehicles based on wireless network. Perform real-time monitoring, GPS/BD positioning, video storage, vehicle scheduling, alarm and alarm, etc.

Industrial Hisilicon 3520D image processor chip

Choose the electronic material of industrial grade specification, ensure the life of the component and the stability of the whole machine.

Adopt low heat resistance aluminum profile to make equipment shell, strong and durable, protect heat dissipation.
