## Product Specifications:

| Item                   | parameter   |  |
|------------------------|---|--|
| Operating system       | Linux   |  |
| Language               | English / Chinese / adapted   |  |
| Video compression      | Compression H.264   |  |
| OSD                    | overlaps information such as date and vehicle ID  |  |
| GUI                    | Graphical user experience   | setting the system parameters using the remote control   |
| Video recording system | video input   | 4CH 960P / 720P AHD Input, Aerial Connector, 1.0Vp-p, 75Ω  |
|                        | video output  | 1 CVBS, 1.0Vp-p, 75Ω, Aviation, 1CH Full Screen Support, 4CH Screen Display  |
|                        | preview   | Support 1 channel and 4 preview channels., Support / Full Screen Alarm Manual  |
|                        | distinction   | 720P / D1 / HD1 / CIF, MAX: 4 channels 720P and 4 channels D1  |
|                        | image quality   | 1-4 levels, 1 is the highest level.  |
|                        | standard video  | PAL: 100f / s, CCIR625 series, 50field;<br>NTSC: 120f / s, CCIR525 series, 60field;<br>CIF: 256 Kbps ~ 1.5 Mbps, 8 video quality levels optional;<br>HD1: 600 kbps ~ 2.5 Mbps, optional 8-level quality;<br>D1: 800 Kbps ~ 3 Mbps, 8 video quality levels optional;<br>720P: 4Mbps-6Mbps, optional multi-level video quality |
|                        | recording mode  | The default setting is automatic recording after power-up. Recording timed recording, trigger alarm recording, and manual recording are recorded.  |
| Sound                  | audio input   | Input 4CH air outlet   |
|                        | audio output  | 2CH, headphone connection on the front panel, BNC connection on the rear panel   |
|                        | compression   | Compression G.726, 8 kB / s  |
| Alarm Input            | 7CH input alarm, input 1CH AD, pulse input speed, alarm connection                                    |  |
| Alarm Output           | Alarm Output 2CH, Light / Audio Alarm Support, Oil / Power Disconnection                              |  |
| Interface              | 3CH RS232, POS / Fuel Sensor / LED Advertising Connections  |  |
|                        | Interface 1CH 485, Connect the PTZ camera   |  |
| Wireless transmission  | Support Embedded 3G, WCDMA, CDMA2000, GPRS, EDGE;<br>Built-in 4G module is optional, TDD-LTE, FDD-LTE |  |
| GPS position           | Supported built-in GPS / BD   |  |

|                        |                     |   |
|------------------------|---------------------|---|
| Storage space          | HDD                 | Max 2.5 "1TB HDD  |
|                        | SD card             | Maximum 128GB SD Memory Card Keep data safety   |
|                        | Updates             | USB Update Support, SD Card Updates, Remote OTA Update  |
|                        | file format         | H.264   |
|                        | file system         | Special file system FAT32   |
|                        | USB                 | USB interface on the front panel to back up data using U hard disk  |
| Record recording       | video search        | Search by record time / record type, etc.   |
|                        | playback            | Maximum Support 4CH Replay / Stop / Fast / Slow at the same time<br>Support forward and backward playback at speeds of: x 2, x4, x8, x16. |
| Safety                 |                     | User / Admin 2 levels of another password   |
| Optional features      | voice call          | Support your voice call to each other   |
|                        | TTS Voice broadcast | Support the TTS voice transmission feature.   |
|                        | serial extension    | LED advertising panel support, oil sensor, POS, bus transmitting stations, vehicle OBD, etc. External equipment                           |
| Voltage & Power supply | Power management    | Wide Voltage.Support Timed / Delay  |
|                        | Input voltage       | DC: + 6V - + 36V  |
|                        | Output voltage      | + 12V ~ 1.5A, + 5V ~ 1.5A   |
|                        | Power supply        | Works & It; 5W  |
| Working environment    | Temperature         | -20 °C - + 70 °C  |
|                        | Humidity            | 20% - 80%   |
| Other                  | Size                | 200 (D) * 187 (W) * 62 (H) mm   |
|                        | Weight              | 1.90 kg   |

设备类型: MDVR  
终端名称: 贵C A6446  
终端ID: 80109  
公司: 德运集团金融公司  
所属分组: 贵州  
状态: 在线  
GPS时间: 2016-03-14 09:50:09  
位置: 贵州省遵义市习水县G4215(带道高速)  
速度: 74.10 km/h(南)  
费用: 正常
